Hi everyone,

Sorry for the short notice, but we've recently had an issue brewing with a major non-US auto-manufacturer (with plants in the US), and it looks as though as early as Thursday we could be going public with a significant OECA notice of violation related to many vehicles exceeding emissions standards.

We would like to brief everyone to get you up to speed on the issue and so you'll have all of the info necessary for the upcoming announcement.

In DC, we'll meet in room WJC North Rm 6524. For those calling in:
